End Application:

C-5 acft

Product Name:

Panel, flight control

General Description:

11.500 in. Lg; 11.394 in. W; 8.250 in. H; c/o chassis, machined; panel control 1; rack, mounting 8; transformer assembly; electronics assembly, power, p/n 10039097-102; electronics assembly, filter; pitch wheel, clutch assembly; resistor assembly; connector panel assembly; blower assembly; terminal board assembly; circuit card assembly 9; switch 28; transformer 1; printed circuit 3; connector 32

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
