Overall Height:

0.300 inches

Overall Width:

0.850 inches

Mounting Configuration:

Two 0.125 mtg holes spaced 0.825 in apart on the length

Gravity Unit Range:

-2.0 to 2.0

Special Features:

Gas damping; internal overrange stops; case material aluminum alloy, anodized; integral cable, four conductors no. 32 awg, polytetrafluoroethylene insulated leads, braided shield, silicone jacket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T145-c
