Overall Length:

2.625 inches

Overall Diameter:

Between 1.730 inches and 1.731 inches

End Application:

Cylinder assembly, aircraft

Product Name:

(inavy)piston, lock - extensible link, actuating cylinder

Special Features:

Mfg standards per vertol vs60904; heat treat to rockwell rc50-55 (245, 000 - 285, 000 psi); electolize all over exterior surfaces only

Material:

Stainless steel

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
