**Width:**

6.625 inches

**Diameter:**

4.000 inches

**Length:**

6.625 inches

**Current Type:**

Ac

**Ac Voltage Rating:**

115.0 volts

**Frequency Rating:**

60.0 hertz

**Depth:**

5.688 inches

**Special Features:**

Mtg method-bulkhead; scale calibration: rpm; color-red; illumination color generation method: white source w/red filter and clear window

**Reference Number Differentiating Characteristics:**

Apsk-scale range

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A532q0
