Impedance Rating Per Channel:

10.000 kilohms 1st input channel

Connection Contact Type And Quantity:

8 pin external

External Dc Operating Voltage In Volts:

24.0 single voltage

Special Features:

Input voltage 200mv; output voltage 10v; 10ma; I plastic cage

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
