Overall Length:

5.250 inches

Overall Height:

3.393 inches

Overall Width:

3.045 inches

Operating Temperature Range:

-30.0/+50.0 degrees celsius

End Application:

Cc115 buffalo aircraft

Basic Shape Style:

Rectangular or square

Maximum Operating Altitude Rating:

55000.0 feet

Installation Design:

Rack

Special Features:

Magnesyn to frequency ff converter; power supply voltage 14 to 28 vdc; supply voltage 150ma at 28vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
