Overall Length:

4.190 inches

Overall Width:

1.070 inches

Current Type:

Dc

Mounting Device Quantity:

2

Actuation Method:

Diaphragm

Contact Quantity:

4

End Application:

2320-01-442-1940, truck, cbt, (command bridge transporter)

Contact Type:

Pin

Voltage Rating:

1.0 volts output and 6.0 volts output

Electrical Connection Quantity:

1

Mechanical Connection Quantity:

1

Mechanical Connection Size:

7/16 unf external

Measurement Range:

+0.0/+4000.0 pounds per square inch

Special Features:

Wetted parts of 17-4 ph stainless steel; operable temperature range: -40 degrees c to +121 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-e
