Display Type:

Light emitting diode

Case Material:

Aluminum

Special Features:

Complete fuel flow system w/transducer and gps; high speed egt/cht probes; rpm w/sensor; manifold pressure w/sensor; outside air temp; long term memory adjustable 25 to 1550 hours; overlean display; shock cooling; egt span, votage alarm, and tso quality; three year warranty

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535m0
