End Application:

Filter, regulator, lub

Graduation Unit:

50.0 pounds per square inch and 2.0 bar

Actuation Type:

Pressure sensing element

Scale Name:

Pressure

Dial Size:

2.0 inch diameter

Connection Quantity:

1

Pointer Color:

Black

Scale Type:

Dial

Scale Smallest Increment:

2.0 pounds per square inch and 0.2 bar

Connection Location:

Back, center

Connection Size:

1/4" - 18 npt

Product Name:

(inavy) standard guage

Special Features:

Dual purpose guage has range of 0-300psi and 0-20 bar.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
