Overall Length:

4.531 inches

Overall Height:

0.250 inches

Overall Width:

2.625 inches

End Application:

6625-00-004-1193 freq response analyzer

Component Type And Quantity:

1 capacitor and 2 diode and 1 printed wiring board

Special Features:

7 integrated circuits

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
