Diameter:

Between 0.745 inches and 0.755 inches

Length:

1.425 inches

Current Type:

Dc

Contact Quantity:

2

End Application:

Test set, indicator an/arm-155

Contact Type:

Solder lug

Presentation Type:

Indicator light

Electrical Connection Quantity:

2

Mounting Facility Type And Quantity:

1 panel

Special Features:

Anodic coating per mil-f-14072 number e511 black; 20 gram maximum weight; m 65.0 to p 125.0 degrees c oper. Temp; includes nut

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A532r0
