Overall Length:

24.250 inches

Overall Height:

5.000 inches

Overall Width:

4.000 inches

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encased

Special Features:

Mfg named - noise standard

Functional Description:

Used in the ailtech 82 noise calibration system, the reference noise is adjusted for an output null

Supplementary Features:

FREQ-RA-NGE-3.95

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A32200
