Overall Length:

7.000 inches

Overall Height:

19.000 inches

Overall Width:

17.120 inches

Frequency Rating:

50.000 hertz

Installation Design:

Rack

Sensitivity Rating:

100.0 microamperes

Movement Type:

Moving iron vane

Power Source:

External

Phase:

Single

Surface Treatment:

Enamel

Style Designator:

Rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A310a0
