Overall Length:

3.500 inches

Overall Height:

3.630 inches

Overall Width:

3.370 inches

Ac Voltage Rating:

115.0 volts

Frequency Rating:

Between 50.0 hertz and 400.0 hertz

Case Material:

Metal

Case Surface Treatment:

Painted

Internal Battery Accommodation:

Not included

Individual Channel Frequency:

70.0 hertz

Mounting Method:

Threaded stud

Individual Channel Quantity:

1

Frequency Accuracy In Percent:

-0.0002 to 0.0002

Internal Calibration Crystal:

Not included

Phase:

Single

Fsc Application Data:

Tester, exhaust gas temperature

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T263-e
