Outside Surface Treatment:

Enamel, gray

Overall Length:

16.000 inches

Overall Height:

5.625 inches

Overall Width:

8.625 inches

Joint Electronics Type Designation System Item Name:

Slotted line

Joint Electronics Type Designation System Item Type Number:

Im-23a/u

Operating Frequency:

Between 2600.0 megahertz and 3950.0 megahertz

Probe:

Not included

Conductor Type For Which Designed:

Transmission line

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T263-n
