Unit Type:

Sweep oscillator

Special Test Features:

Tested for magnetic properties at varying altitudes. At 7 ft-horizontal plane reflects 0.007 to 0.006 gauss, vertical plane 0.006 to 0.006 gauss.

At 15 ft-no magnetic detection on either plane

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-b
