General Description:

Model 8556a 20 hz to 300 khz, amplitude accuracy porm 0.6 db high resolution 10 hz bandwidth built-in 0.01 percent crystal markers two freq scales selectable 0-30 khz and 0-300 khz, built-in tracking generator counter output for precision freq measurements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
