

View Online at <https://aerobasegroup.com/nsn/6625-00-202-3425>

**Special Features:**

C/o: noise figure meter and noise source, noise figure meter data form 0.15 db accuracy, 2.7 to 2.9 ghz rf range, 0 to 10 db noise figure range, 50 ohm input impedance, calibration alignment feature included, 115.0 v ac, 60.0 hz, 28.0 v dc noise source drive, noise source data 33 db excess noise, 2.7 to 2.9 ghz rf range, 1.2 vswr, type n output connector, 28 v dc input

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23800
