Overall Length:

8.000 inches

Overall Height:

5.000 inches

Overall Width:

6.000 inches

Case Material:

Aluminum

Internal Battery Accommodation:

Not included

Instrument Calibration Range:

5850 mc to 7050 mc range

Calibration Accuracy Rating:

Porm 0.03 pct accuracy

Special Features:

Hermetically sealed cavity; frequency stabili type 2 parts in 1 million per degrees 0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T134-h
