**Unit Type:**

Sweep oscillator

**Functional Classification:**

Aa-3.2

**Functional Description:**

Agenerates single, dual, or delayed sweeps in tektronis 5000 series oscilloscopes; normally used in the right hand plug-in compartment but is compatible w/ vertical deflection compartments as well

**Entry Date:**

80-09-01

**Reference Data And Literature:**

Af t.O. 33a1-10-186-1; tektronix inc 070-1141-00

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T228-b
