Overall Length:

2.750 inches

Overall Height:

2.531 inches

Overall Width:

2.688 inches

Component Type And Quantity:

1 capacitor and 1 inductor and 1 insulator and 2 mount and 1 nut and 1 plate and 1 rivet and 2 screw and 1 socket and 1 spring

Special Features:

Major components: trimmer 1; wabber, lock 1; mounting method and configuration: holes for screws, two no. 6-32 tapped mounting holes on 1.093 inch mounting centers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
