Overall Length:

2.531 inches

Overall Height:

0.531 inches

Overall Width:

1.938 inches

Component Type And Quantity:

1 capacitor and 1 coil and 1 resistor

Special Features:

Mounting method and configuration: screw; three no. 4-40 threaded screws irregularly spaced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A5110
