Overall Length:

1.750 inches

Overall Diameter:

0.750 inches

Component Type And Quantity:

2 capacitor and 1 diode and 1 plate and 1 resistor and 1 spring

Special Features:

Usage designed: used to measure ac voltage to 400v and from 30 cps to 500mc; fsc application data: multimeter, ts-505/u

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A5110
