Overall Length:

28.000 inches

Overall Height:

24.000 inches

Overall Width:

28.000 inches

Component Quantity:

1

Locking Device:

Not included

Component Controlling Agency:

Hoffman electronics

Component Name:

Signal generator

Component Identifying Number:

8010000219 drawing no.

Handle Quantity:

2

Handle Location:

Both ends

Material:

Any acceptable

Surface Treatment:

Enamel

Surface Treatment:

Enamel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
