**Outside Surface Treatment:**

Enamel, gray

**Overall Length:**

27.000 inches

**Overall Height:**

6.000 inches

**Overall Width:**

7.000 inches

**Trade Designation:**

Radio frequency cable

**Controlling Agency:**

Hewlett-packard

**Identifying Number:**

803a-76g model no. And 8a-76h model no.

**Operating Frequency:**

Between 500.0 megahertz and 4000.0 megahertz

**Detector Type:**

Crystal

**Termination Controlling Agency:**

An

**Probe:**

Included

**Dial Gage Indicator:**

Not included

**Vernier Scale Range:**

+0.000 to 300.000 millimeters

**Vernier Scale Measurement Resolution:**

0.100 millimeters

**Termination Name:**

Connector; connector jack

**Termination Identifying Number:**

8a-76h part no. And 803a-76g part no.

**Conductor Type For Which Designed:**

Transmission line

**Slope Error Elimination Adjustability:**

Not adjustable

**Fsc Application Data:**

Slotted lines, coaxial except specially designed

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T263-n
