Overall Length:

7.625 inches

Overall Height:

2.500 inches

Overall Width:

5.000 inches

Case Surface Treatment:

Enamel, gray

Internal Battery Accommodation:

Not included

Indicator Type:

Micrometer

Operating Range:

-5.2 to 6.4 gigahertz

Instrument Calibration Range:

1 mw input power

Special Features:

W/mf mtg flange

Supplementary Features:

20 w power; two ug-344/u flanges

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-h
