Overall Length:

5.875 inches

Overall Height:

3.375 inches

Overall Width:

4.700 inches

Internal Battery Accommodation:

Not included

Indicator Type:

Calibrated dial

Special Features:

Absorption type, waveguide, x-band w/calibrated micrometer readout

Supplementary Features:

1.5 db absorption dip; 0.05 db maximum insertion loss

Specification Data:

10001-2664659 manufacturers specification control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-h
