Interference Measuring Electrical Field Probe - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-00-433-2395

General Description:

A1.8 to 18 ghz frequency range; 50 ohms impedance;	crystal type detector;	brass body;	silver-plated finish on body;	over-all dimensions,
3.500 in. Lg, 1.125 in. Dia; terminal data, 1, connector t	уре			

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
