Circuit Current For Which Designed:

Ac and dc

Dielectric Withstanding Voltage In Volts:

2500.0

Frequency Response Range:

+25.000/+400.000 hertz

Dial Scale Marking Color:

Black single indicator single range

Movement Type:

Moving magnet

Background Color:

White single indicator single range

Movement Suspension Method:

Jewel pivot base

Material:

Plastic

Style Designator:

Clamp-on

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
