Overall Length:

13.688 inches

Overall Height:

5.625 inches

Overall Width:

8.750 inches

Case Material:

Steel

Case Surface Treatment:

Finish, crackle

Accessory Components And Quantity:

1 spare crystal

Internal Battery Accommodation:

Not included

Indicator Type:

Dc milliammeter

Operating Range:

-0.1/+1.0 milliamperes

Rectifier Type:

1n21 crystal

Instrument Calibration Range:

80 to 1220 mc range

Calibration Accuracy Rating:

Porm 1 pct accuracy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-h
