Overall Length:

1.375 inches

Overall Diameter:

0.375 inches

Mounting Configuration:

Terminal mounted by 2 axial wire leads

Gap Type:

Nonrotary

Electrode Material:

Copper

Adjustability Feature:

Not included

Fsc Application Data:

Modulator power supply radio, except navigation, nonairborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T208-b
