Overall Length:

2.719 inches

Overall Height:

2.000 inches

Overall Width:

2.688 inches

End Application:

Type no. Ts-147/up

Special Features:

Rf sensitive bead thermister 1; tempature compensating thermister 2; meter shunt 1; waveguide section w/coupling 1; matching stub and shorting plug 1; measures resistance change in wheatstone circuit; four 3/8 in. Diameter mtg holes on 1-3/8 by 1-3/8 in. Mtg cntrs; test set-electronic equip.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
