Overall Length:

8.750 inches

Overall Height:

5.875 inches

Overall Width:

7.500 inches

Dc Voltage Rating:

1.5 volts

Case Material:

Aluminum

Furnished Items And Quantity:

3 batteries ba-3 and 2 instructions

Internal Battery Accommodation:

Included

Scale Calibration:

0.1 ohm to 10.0 megohms

Scaleaccuracy Rating In Percent:

-15.000/+15.000

Adjustment Method:

Rotary switch

Balance Indicator Type:

Galvanometer

Reference Number Differentiating Characteristics:

As manufactured by tech laboratories

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-d
