Overall Length:

5.000 inches

Overall Height:

3.625 inches

Overall Width:

2.000 inches

Case Material:

Plastic

End Application:

Type no. An/trc-29

Accessory Components And Quantity:

Calibration chart 1, diode 1, resistor 1, semiconductor 1

Internal Battery Accommodation:

Not included

Rectifier Type:

1n21b semiconductor device diode

Instrument Calibration Range:

1700 to 2520 mc range

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-h
