Overall Length:

6.000 inches

Overall Height:

4.500 inches

Overall Width:

6.000 inches

Furnished Items And Quantity:

Batteries 2, probes 2

Sensitivity Rating:

5000.0 ohms per volt and 20000.0 ohms per volt

Dial Scale Marking Color:

Black single indicator all ranges

Background Color:

White single indicator all ranges

Power Source:

Internal

Scale Selection Method:

Switch

Features Provided:

Portable

Circuit Attachment Method And Quantity:

2 connector, receptacle

Operating Voltage Rating In Volts:

Between 1.5 dc and 15.0 dc

Surface Treatment:

Enamel

Style Designator:

Rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A310a0
