End Application:

6625-00-540-4737

Special Features:

Nain: receiver-comparator, very low frequency; 100khz to 1mhz input signal freq in increments of 100khz; 0.5 to 14v peak to peak, sine wave, square wave or pulse; 1000 ohms impedance; 1mhz output frequency; 1v into 50 ohms output lever, solid state designed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T228-a
