## NSN 6625-00-630-1684

Low Power Bolometer Element - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-00-630-1684

## **General Description:**

Vdisc type with 2 100 ohm wollaston wire bolometer elements mtd on a mica disc in series, bias current4.5 ma, resistance 200 ohms,

frequencyrange 500 to 10000 mhz, temperature coefficient positive, vswr 1.5sensitivi type 8 ohms/mw

Shelf Life:

N/a

Unit Of Measure:

---

Demilitarization:

No
