Usage Design:

To hold probe in place

Attachment To Item Supported Method:

Holds item by means of 2 springs

Supporting Object/surface Attachment Method:

One 3/16 in. Diameter mtg hole

Shock/spring Mounting Method:

N/a

Special Features:

Copper alloy

Material:

Copper alloy

Surface Treatment:

Nickel

Surface Treatment:

Nickel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T08100
