Overall Length:

2.125 inches

Overall Height:

1.687 inches

Overall Width:

1.375 inches

Furnished Items And Quantity:

External component case 1, external component case cover 1

Usage Design:

External

Element Material:

Copper

Mounting Method:

Terminal

Terminal Location:

Both sides

Voltage Drop In Millivolts:

3000.0

Current Rating And Type:

1.0 milliamperes dc

Terminal Type And Quantity:

8 threaded stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A33500
