Overall Length:

9.000 inches

Overall Height:

7.000 inches

Overall Width:

6.000 inches

Furnished Items And Quantity:

Batteries 6; test leads 2; prods 2; set alligator clips 1; set klipzon adapters 1

Power Source:

Internal

Measurement Range:

+0.0/+300.0 ohms single indicator 12th range

Features Provided:

Portable

Operating Voltage Rating In Volts:

56.6 dc

Style Designator:

Rectangular or square

Reference Number Differentiating Characteristics:

Selected and tested for polaris weapon systems

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
