Ohmmeter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-00-782-5266

Overall Length:
9.000 inches
Overall Height:
7.000 inches
Overall Width:
6.000 inches
Furnished Items And Quantity:
Batteries 6; test leads 2; prods 2; set alligator clips 1; set klipzon adapters 1
Power Source:
Internal
Measurement Range:
+0.0/+300.0 ohms single indicator 12th range
Features Provided:
Portable
Operating Voltage Rating In Volts:
56.6 dc
Style Designator:
Rectangular or square
Reference Number Differentiating Characteristics:
Selected and tested for polaris weapon systems
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A310a0
