Overall Length:

8.500 inches

Overall Height:

3.750 inches

Overall Width:

3.250 inches

Case Material:

Brass

Case Surface Treatment:

Enameled

Internal Battery Accommodation:

Not included

Indicator Type:

Direct reading

Rectifier Type:

No rectifier used

Instrument Calibration Range:

1000 mc to 4000 mc range

Calibration Accuracy Rating:

Porm 0.10 pct accuracy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-h
