Overall Length:

2.625 inches

Overall Height:

0.875 inches

Overall Width:

2.312 inches

Mounting Configuration:

Mtd by one snap fastener

Product Name:

Test set subassembly

Special Features:

Board 1; capacitor 2; diode 2; fastener 1; resistor 7; tube 1

Fsc Application Data:

Range calibrator, test except specially designed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A5110
