Overall Length:

24.000 inches

Overall Height:

5.875 inches

Overall Width:

18.000 inches

Component Quantity:

1

Locking Device:

Not included

Component Controlling Agency:

Jetds

Component Name:

Test set, telephone

Component Identifying Number:

Ts-1760/tsc-15 type no.

Handle Quantity:

1

Handle Location:

Front

Material:

Aluminum

Material:

Aluminum

Surface Treatment:

Enamel

Surface Treatment:

Enamel

Fsc Application Data:

Test set, electrical and electronic, except specifically designed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
