Overall Length:

4.000 inches

Overall Height:

3.719 inches

Overall Width:

1.781 inches

End Application:

Test set, electronic equipment

Component Type And Quantity:

1 frame and 2 screw

Special Features:

Rollers and gear assembly 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
