Overall Length:

7.469 inches

Overall Height:

3.969 inches

Overall Width:

6.156 inches

Component Type And Quantity:

1 resistor

Special Features:

Meter front panel 1; semiconductor device diode 2; test set, electronic equip.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
