Scale Calibration:

100 points

Special Features:

Roriginal name capacitor, precision; 50 to 1100 pf, scale division, 0.2 pff, accuracy porm 0.6 pf, locking coaxial connectors, three-terminal capacitors w/shielded coaxial terminals for use in three-terminal measurements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-d
