Overall Length:
3.000 inches
Overall Height:
7.250 inches
Overall Width:
6.000 inches
Furnished Items And Quantity:
Test leads 2
Installation Design:
Rack
Dial Scale Marking Color:
Black single indicator all ranges
Movement Type:
Moving iron vane
Background Color:
White single indicator all ranges
Power Source:
External
Scale Selection Method:
Scale Selection Method: Switch
Switch
Switch Movement Suspension Method:
Switch Movement Suspension Method: Jewel pivot base
Switch Movement Suspension Method: Jewel pivot base Style Designator:
Switch Movement Suspension Method: Jewel pivot base Style Designator: D1 rectangular or square
Switch Movement Suspension Method: Jewel pivot base Style Designator: D1 rectangular or square Shelf Life:
Switch Movement Suspension Method: Jewel pivot base Style Designator: D1 rectangular or square Shelf Life: N/a
Switch Movement Suspension Method: Jewel pivot base Style Designator: D1 rectangular or square Shelf Life: N/a
Switch Movement Suspension Method: Jewel pivot base Style Designator: D1 rectangular or square Shelf Life: N/a Unit Of Measure:
Switch Movement Suspension Method: Jewel pivot base Style Designator: D1 rectangular or square Shelf Life: N/a Unit Of Measure: Demilitarization:
Switch Movement Suspension Method: Jewel pivot base Style Designator: D1 rectangular or square Shelf Life: N/a Unit Of Measure: Demilitarization: Yes - demil/mli
