Overall Length:

7.608 inches

Overall Height:

0.740 inches

Overall Width:

5.620 inches

Basic Shape Style:

Rectangular or square

Identification Designator:

1537-76-110-0058

Inclosure Type:

Open

Installation Design:

Module

Circuit Construction Type:

Solid state

Connection Type And Location:

Printed circuit bottom

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
