End Application:

492000697181

Precious Material And Location:

External surfaces gold

Precious Material:

Gold

General Description:

Material beryllium copper per pederal specification qq-c-533 or equivalent; finish 50 microinches minmum neckel plate; 1.000 in. Lg; 1.000 in. W; 0.305 in. Maximum h; two 0.086 in. -56 thd diameter mtg holes spaced 0.750 in. Center to center; minus 40 degrees centigrade to plus 85 degrees centigrade ambient operating temperature

Fsc Application Data:

Test sets, electronic systems, except specially designed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
